The business must maintain its headquarters in Missouri for a period of at least three years from the date of the qualified investment or be subject to penalty.

PROGRAM BENEFITS/ELIGIBLE USES

The Department of Economic Development (DED) will issue tax credits equal to 100% of the investment in a qualified fund to any accredited individual, corporation, partnership or financial institution that makes a qualified investment. **At this point all credits under the law have been authorized and all investments have been identified.**

The Missouri Seed Capital Investment Board was created to establish a qualified fund. The Board is comprised of thirteen members, eight of which are appointed by the Governor.

Prolog was selected by the Board as the Fund Manager to raise the contributions and manage the investments of the fund. Prolog entered into a contract with the four Innovation Centers, as required by statute. Investors in the qualified fund will also be required to invest in a non-qualified parallel fund that will make investments in Missouri and surrounding states. Prolog will make investments in qualified Missouri businesses in need of early-stage or "seed" funding.

Investments made through this program may be used for research; development and precommercialization activities to prove a concept for a new product, process or service; preproduction product development; service development; or initial marketing of a product.

DED provides the investor a tax credit equal to 100% of their investment in the qualified fund. The tax credit may then be used to offset state income tax (chapter 143, RSMo), corporate franchise tax (chapter 147, RSMo) or financial institution tax (chapter 148, RSMo) liability, other than taxes withheld pursuant to sections 143.191 to 143.265, RSMo.

DED may authorize up to \$20 million in tax credits for use by the qualified fund, with no more than \$5 million of tax credits being issued in any one year. Tax credits may be claimed for the tax year in which the qualified contribution is made or in any of the following ten years. Tax credits may be sold and transferred to another taxpayer having tax liability.

FUNDING LIMITS

The Prolog Funds will typically invest between \$500,000 and \$1,500,000 in a single business. They have the potential to invest \$2,000,000-\$3,000,000 at the maximum.

No more than 10% of all of the qualified contributions to a qualified fund may be invested in a single qualified business.

Investments shall not be provided to any business that has experienced positive cash flow in a past fiscal year, with the exception of follow-up capital limited to qualified businesses that previously received qualified investments. No more than 40% of qualified contributions may be used for follow-up capital purposes.

APPLICATION/APPROVAL PROCEDURE (BUSINESS)

The business seeking an investment should send Prolog a non-confidential executive summary of their business plan. Applicants will be contacted directly by Prolog regarding their level of interest and any subsequent steps that are required. DED does not have the authority to require the Fund Manager to fund a project.

APPLICATION/APPROVAL PROCEDURE (INVESTOR)

Accredited investors should contact Prolog directly. If accepted, the investor will be asked to fill out Missouri Form 620-635 and return the completed form to DED for approval and certification. DED will issue a tax credit certificate authorizing the applicant to claim the tax credit.
