

U.S. ECONOMIC DEVELOPMENT ADMINISTRATION (EDA) PROGRAMS

PUBLIC WORKS AND ECONOMIC DEVELOPMENT PROGRAM

Public Works and Economic Development investments help support the construction or rehabilitation of essential public infrastructure and facilities necessary to generate or retain private sector jobs and investments, attract private sector capital, and promote regional competitiveness, including investments that expand and upgrade infrastructure to attract new industry, support technology-led development, redevelop brownfield sites and provide eco-industrial development.

ECONOMIC ADJUSTMENT ASSISTANCE PROGRAM

The Economic Adjustment Assistance Program provides a wide range of technical, planning and infrastructure assistance in regions experiencing adverse economic changes that may occur suddenly or over time. This program is designed to respond flexibly to pressing economic recovery issues and is well suited to help address challenges faced by U.S. regions and communities.

RESEARCH & NATIONAL TECHNICAL ASSISTANCE

The Research and National Technical Assistance Program supports research of leading, world-class economic development practices, and funds information dissemination efforts.

LOCAL TECHNICAL ASSISTANCE

The Local Technical Assistance Program helps fill the knowledge and information gaps that may prevent leaders in the public and nonprofit sectors in economically distressed regions from making optimal decisions on local economic development issues.

PLANNING PROGRAM

The Planning Program helps support planning organizations, including District Organizations and Indian Tribes, in the development, implementation, revision or replacement of comprehensive economic development strategies (CEDs), and for related short-term planning investments and state plans designed to create and retain higher-skill, higher-wage jobs, particularly for the unemployed and underemployed in the nation's most economically distressed regions.

UNIVERSITY CENTER ECONOMIC DEVELOPMENT PROGRAM

The University Center Economic Development Program is a partnership between the federal government and academia that helps to make the varied and vast resources of universities available to economic development communities.

TRADE ADJUSTMENT ASSISTANCE FOR FIRMS PROGRAM

EDA administers the Trade Adjustment Assistance for Firms Program through a national network of eleven Trade Adjustment Assistance Centers to help manufacturing and production firms, which have lost domestic sales and employment due to increased imports of similar or competitive goods, become more competitive in the global economy. (CFDA No. 11.313)
